In addition, the estate delivers astonishing wines from grape varieties such as Muscat, Cabernet Sauvignon, Merlot, Pinot Noir, Syrah and Garnacha. Torello is one of the few houses that use only their own grapes.

The philosophy of the house is only emphasizing on premium Cava, and through tending their vineyards with love, passion and knowledge – grooming and picking by hand, they truly deliver the best cava. Guests aboard SeaDream will enjoy meeting this charming and passionate Winemaker behind this beautiful and invigorating bubbles.

Experience onboard SeaDream the excellence in the different styles of Sherry – from dry, crisp and super fresh, to the rich, creamy and oxidized style of Pedro Ximenez; heavenly sweet!

Bodegas Rey Fernando de Castilla is named in honor of the King (also called "The Saint") who conquered much of Andalusia, Spain in the thirteenth century. The King discovered the exceptional qualities of the land and the climate, produced excellent wines. It was two centuries ago that the Andrada-Vanderwilde family began producing grapes and wine for the production of sherry on this very land.

In 1999, Jan Pettersen, a Norwegian with a passion for top quality sherry, took over the cellars and established Fernando de Castilla as masters in the production and aging of unblended, untreated Sherries. Today, Fernando de Castilla is one of the most highly regarded independent sherry houses. These Super Premium sherries and brandies have received numerous accolades and awards, including 98 points by Wine Spectator.

Experience their intensely pure and complex single Solera Sherries during a complimentary onboard tasting, hosted by Jan Pettersen himself. LAND ADVENTURES

St. Johns Brewers – The Native Flavor of the Island

Visit the Tap Room in Cruz Bay, St. John and enjoy a beer tasting that will change your perception of what a pale ale should taste like. The story of St. John Brewers begins when two college classmates quit their jobs to live on the small island of St. John in the U.S Virgin Islands. Chirag was working as a scientist for NASA and Kevin, a physical therapist at a

Boston Medical Center. They chose to live an uncomplicated and enjoyable island life.

On island time, they dreamt of creating a local craft beer, one with native flavor and an island soul. Within a few short years, Chirag and Kevin perfected their signature recipe for a pale ale with a hint of mango (one of the local fruits grown on St. John). They have already celebrated their 10th anniversary and have now bottled several different styles of beer, each with the taste of the island.
